## About Beverly Boston

*“Devote today to something so daring even you can’t believe you’re doing it.”*

*-- Oprah Winfrey*

Master Certified Business Coach Beverly Boston champions the success of solopreneurs, small business owners, and service professionals so they can wake up from autopilot and contribute to their lives and work fully expressed and at their best.

Conscious business owners who are committed to making a global contribution and goal focused business people from across the USA, Canada, and many countries around the world rave about the impact Beverly’s coaching contributes to their lives and work. Beverly guides each to work in his/her areas of genius and make progress toward achieving long term vision. Clients learn to think bigger, play more, make more money, and experience a renewed excitement for life.

Beverly coaches her clients to make meaningful mindset shifts and find courage and confidence to build thriving, sustainable businesses. Many clients report that their incomes grow 10 times over as a direct result lessons Beverly guides them to embrace and apply as well formed habits. Best of all, clients report feel more energized, emotionally connected, mentally focused, and spiritually aligned as a direct result of their work together.

**Topic# 1 In 30 Minutes or Less, “Wake Up From Autopilot-Your Life is Waiting™” Find Out How 100 Conversations (or less) Will Have You Make the Connection—And Money—You Know You Are Capable of—Guaranteed!**

**Questions: (Bold questions are most important for limited time)**

**Q1: You say that success starts with waking up from auto-pilot to be able to create a highly successful client attraction, and fascination plan that you can monetize. Why is that?**

Q2: Tell me about why it’s critical to engage, and connect with potential clients, either offline or online, before asking for the business?

**Q3: How is your strategy any different than what entrepreneurs are already doing to get plenty of ideal clients, opportunities and improve their client fascination results?**

**Q4: If entrepreneurs wants to have massive growth in their business what is one simple effective technique they can use right now?**

**Q5: You stated that it was you’re “it factor” that has you and your clients being able to monetize their efforts in business online and off. Tell me more about that and why it is so important?**

**Q6: Entrepreneurs get told many different things that they must do to attract plenty of ideal clients and opportunities. You mention that there is one specific thing that must happen, and that 97% of entrepreneurs forget to do or unaware of it being essential to do. What is it and why is it so important?**

Q7: One of your philosophies that really sets you apart from other business coaches is you believe that everyone wants to be seen, heard and acknowledged. Why is that important and what are the strategies that can be used right now to improve client connection, and fascination to massively improve results?

**Q8: What are some simple, must have steps that someone listening can take right now to significantly increase their results and bottom line?**
